Arabic [Intermediate]

ABOUT ME

Frontend Developer with hands-on experience building scalable web applications using React, Next.js, TypeScript, and REST APIs. Experienced in developing enterprise School Management Systems with responsive, user-focused interfaces and clean, maintainable code. Passionate about solving real-world problems, learning modern technologies, and contributing to high-performing development teams.

WORK EXPERIENCE

SKY TECH IT TRAINING AND SOLUTIONS

2025 – NOW

Front-End Developer

- Develop and maintain scalable web applications using React, Next.js, TypeScript, and Tailwind CSS.
- Build responsive, user-friendly interfaces for the School Management System, including Inventory, Library, Payment, Notification, and Reporting modules.
- Integrate RESTful APIs and manage application state using modern frontend architecture.
- Collaborate with backend developers, UI/UX designers, and QA engineers to deliver high-quality software solutions.
- Optimize application performance, improve code quality, and ensure cross-browser compatibility.
- Participate in code reviews, debugging, testing, and deployment while following Git-based development workflows.

MEKDELA AMBA UNIVERSITY

2023-2025

ICT Team Leader

- Mentored students in web development, programming, and software engineering best practices.
- Assigned project tasks, reviewed progress, and ensured timely completion of team objectives.
- Organized technical workshops and coding practice sessions.

PROJECTS

- Visit <https://www.muhabaw.com> to explore my portfolio, including enterprise web applications, frontend development projects, live demos, GitHub repositories, and technical case studies.
